TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newfields, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Newfields, on Tuesday, the eighth (8th) day of March next, at two o'clock in the afternoon until nine of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the ensuing year.
2. To raise such sums of money as may be necessary to defray Town Charges for the ensuing year and make appropriations for the same.
3. To see if the Town will grant a discount of 2% on taxes paid in full thirty days after the taxes are committed to the collector.
4. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum or sums not exceeding in the aggregate of \$15,000 in anticipation of the collection of taxes for the current municipal year and to issue in the name and on the credit of the Town negotiable notes therefore, said notes to be repaid during the current municipal year from Taxes collected within the current municipal year.
5. To see what action the Town will take relative to the authorization of the sale of real estate held or acquired by the Town on account of purchase at tax sale.

6. To see what action the Town will take toward the acceptance of reports of Town Officers, as printed in the Town Report.
7. To see if the Town will vote to authorize the Water Commissioners, with the approval of the Selectmen, to borrow money in anticipation of revenue.
8. To see what sum the Town will raise and appropriate during the current municipal year for the Capital Reserve Fund for the purpose of purchasing a new fire truck.
9. To see what sum of money the Town will raise and appropriate for repair and construction of sidewalks.
10. To see what sum of money the Town will raise and appropriate for repair of catch basins.
11. To see what sum of money the Town will raise and appropriate for the improvement of the corner of Pleasant and Summer Streets.
12. Under the authority of R.S.A. 36:19-a, to see if the Town will empower the planning board to review, and approve or disapprove site plans for the development of tracts for non-residential uses whether or not such development includes a sub-division or re-subdivision of the site.
13. To see if the Town will vote to authorize the Selectmen to file in behalf of the Town an application under the provisions of P.L. 560, 83rd Congress for aid from the Federal Government to defray the cost of final plans and specifications to be prepared by Green Engineering Affiliates, Inc. for a sewerage system including lateral and interceptor sewers, pumping station and force main and treatment facilities.

14. To transact any other business that may legally come before this meeting.

Business meeting will be held at 8 p.m.

Given under our hands and seal this twenty-first day of February in the year of our Lord, Nineteen Hundred and Sixty-Six.

WILLIAM E. CHICK,
ROBERT E. NIXON,
LESLIE F. HAYDEN,
Selectmen of Newfields.

A true copy of Warrant — Attest:

WILLIAM E. CHICK,
ROBERT E. NIXON,
LESLIE F. HAYDEN,
Selectmen of Newfields.

AUDITOR'S CERTIFICATE

March 1, 1966.

Board of Selectmen,
Newfields, N. H.

Gentlemen:

In accordance with your request I have audited the books and records of the Town of Newfields for the year 1965 and attach hereto my report. The report as presented, to the best of my knowledge and belief, presents the true standing of the Town's records as of December 31, 1965.

Yours very truly,

ARTHUR W. JOHNSON, C.P.A.,
Auditor.

Report of the Forest Fire Warden and District Chief

Most of us who live in New Hampshire and the thousands of vacationists who visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately, the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting a match.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush:
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5 p.m.
 - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft and spreads fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Newfields, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Newfields Town Hall, in said district, on the seventh day of March, 1966, at six o'clock in the afternoon, to act upon the following subjects:

(Business Meeting to be held at 8 p.m.)

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District, and to authorize

the application against and appropriation of such sums as are estimated to be received from the State Equalization Fund together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by the Town.

9. To see what sum of money, but not to be in excess of \$40,000.00, the School District will vote to raise in order to construct and equip an addition to the Elementary School Building, consisting of two classrooms and auxiliary space; \$1,000.00 of this sum to be raised by authorizing the use of the capital reserve fund for school construction, and a sum not in excess of \$39,000.00 to be raised and appropriated by the issuance and sale of bonds or notes of the District under and in accordance with the provisions of Chapter 33 and 33a of the Revised Statutes of New Hampshire Annotated, as amended; and further to authorize the School Board to determine the interest rate to be borne by said bonds or notes; the denomination and form of said bonds or notes, the time and place of payment of principal and interest and terms of sale; and further to authorize the School Board to sign and affix the seal of the District to said bonds or notes and the Treasurer to countersign the same.
10. If a resolution is adopted to construct an addition to the Elementary School building, to see if the School District will authorize the School Board to appoint a building committee for the construction and to authorize the School Board, acting upon the advice of the building committee, to execute any and all contracts and agreements necessary, proper and advisable in connection with the construction.
11. To transact any other business that may legally come before this meeting.

Given under our hands at said Newfields this 19th
day of February, 1966.

FRANCES P. BRIGHAM,
ALFRED CONNER, JR.,
WILLIAM C. TEBO,
School Board of Newfields, N. H.

A true copy of Warrant — Attest:

School Board of Newfields, N. H.

REPORT OF THE SCHOOL BOARD

The anual School District meeting was held at the Town Hall on March 8, 1965. District officers elected for the following year were: George H. Phinney, Moderator; Mary B. Hallinan, Clerk; Frances Winkler, Treasurer; Alfred Conner, Jr., Member of the School Board for three years. The board elected Frances P. Brigham as Chairman and Alfred Conner, Jr., as Secretary.

In accordance with Article 9 of the 1965 School District warrant as adopted, it was voted to have the School Board appoint a committee to join with committees from the towns of Brentwood, East Kingston, Stratham, Kensington and Exeter to discuss and formulate plans for the Exeter Area School District. Allen Wright, Alfred Conner, Jr., and Frances Brigham were the committee representing Newfields.

On December 9, 1965, at a Special School District Meeting the voters of the School District accepted the AREA School plans. On February 3, 1965, the State Board of Education issued a certificate stating that the towns of Newfields, Brentwood, Stratham, East Kingston, Kensington and Exeter had been lawfully formed into an AREA School District for Grades VII-XII, with Exeter providing the school for these grades.

In accordance with Article 10 and so voted, a capital reserve fund of \$1,000 was set up for future school construction.

On December 9, 1965, at the Special District meeting, it was voted to have a School Building Committee formed. It was also voted to authorize the School Board to make application for federal funds under Public Law 89-10 in the amount of \$9,981.12 to aid in a project to help the educationally and economically deprived young children in Newfields.

It is hoped that the second grade will have been in the Library basement for the last year. Nevertheless, we are grateful to the Library Trustees for making the space available to the School for the last five years, and thereby helping to eliminate the overcrowding in the School.

Improvements at the school building have been routine with minimum repairs to the roof, plumbing and heating during the year. Floors are refinished twice a year and the front steps painted yearly.

Three buses are used to transport the children in town and to and from Exeter.

For the first time, we have had one nurse, rather than three rotating ones. Mrs. Holder and Dr. Tuthill have had continued and constant supervision of the school children.

The P.T.A. has again helped to make the school year a better one through its soup, milk and dental programs. It has also promoted fine educational programs at its meetings for the parents, and given the parents, teachers and the School Board an opportunity to meet and have a mutual understanding of current school problems.

We do appreciate all Mr. Hoyt, our Superintendent, and Mr. King, our teacher consultant, have done during the past year in advising us. We thank our able staff of teachers and our nurse, as well as our janitor and all of the people whose constant interest help to further better education for our children.

FRANCES P. BRIGHAM,
ALFRED CONNER, JR.,
WILLIAM TEBO,

School Board of Newfields, N. H.

July 23, 1965.

School Board,
Newfields, N. H.

Gentlemen:

In accordance with your request I have audited the books and records of the Newfields School District for the year 1964-65. I enclose a summary of the cash book and a copy of the reconciliation of the bank statement.

It appears that the bond issue in the amount of three thousand (\$3,000) dollars has been paid in full.

I am indeed glad to report that I found the books in excellent condition.

Yours very truly,

ARTHUR W. JOHNSON, C.P.A.,
Auditor.

FRANCES WINKLER,
Treasurer.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Newfields, New Hampshire:

I herewith submit my eighteenth annual report as Superintendent of Schools. May I express my sincere thanks to each member of the Newfields School Board, supervisors, teachers, members of the Parent-Teacher Association and citizens for their cooperation during the year.

The school year 1965-1966 opened with the following teaching staff:

Mrs. Betty Phinney, Principal, Grade 3
 Mrs. Pearl Marston, Grade 1
 Mrs. Carolyn Pulsifer, Grade 2
 Mrs. Gladys Chick, Grades 4-5
 Mrs. Lena Mead, Grades 5-6
 Mrs. Virginia Holder, Nurse
 Mrs. Virginia Chisholm, Art
 Miss Helen Canterbury, Music
 Miss Kathleen Caddigan, Handwriting

Mrs. Virginia Holder was employed as the school nurse for the school districts of Kensington, Newfields, Stratham, Greenland and East Kingston. Exeter now employs Miss Shea and Miss Jean as school nurses.

Miss Helen Canterbury replaced Mrs. Eleanor Henry who retired after several years of dedicated service as teacher of music.

The enrollment as of December 23 was as follows:

Grade 1	31	Grade 4	15
Grade 2	19	Grade 5	20
Grade 3	15	Grade 6	16

This is a total of 116 pupils as compared to 110 on a corresponding date a year ago.

There are two valid reasons for building an addition of two classrooms on the present plant. One is

that the State Department of Education gave approval for the district to use the library basement as a temporary facility several years ago. This time limit has certainly expired. The second reason is the size of the present first grade which clearly indicates that in the near future it will not be possible to have combination grades in a classroom.

In addition to the classrooms, a library facility will be required in order to qualify for state building aid as this is considered to be an essential part of every elementary school.

The tuition rates for 1966-1967 as approved by the State Department of Education and announced by the Exeter School Board are as follows:

Estimated Per pupil Cost for 1965-1966	
for Senior High students	\$518.06
Rental Charge	21.94
	<hr/>
	\$540.00

Estimated Per pupil Cost for 1965-1966	
for Junior High students	\$498.06
Rental Charge	21.94
	<hr/>
	\$520.00

It is gratifying to have the State Board of Education and the school districts of Brentwood, East Kingston, Exeter, Kensington, Newfields and Stratham accept the AREA School Plan after several months of study by the AREA Committee. This would appear to be a step forward in the direction of guaranteeing good education for the pupils of Grades 7-12 in these school districts.

The Elementary and Secondary Education Act of 1965 provides funds for most school districts. Title 2 of the Act provides \$8,000 for Supervisory Union 16 to purchase library books and materials and audio-visual materials. These must be shared by all of the schools,

both public and private, in the Union. An application listing the materials desired was submitted early in December.

Title 1 of the Act provides funds for approved programs for educationally deprived children for those districts which are eligible. Eligibility is based upon the number of families in a school district whose income was less than \$2,000 a year according to the 1960 Census and upon the number of welfare cases for dependent children in 1962.

The school districts of Exeter, Greenland, Newfields and Stratham have had funds made available to them pending the approval of projects. East Kingston and Kensington are not on the eligible list as submitted by the State Department.

A statement by Mr. Frederick King, Teacher Consultant for Supervisory Union 16, on some of the work which he is doing in the area of curriculum follows:

The function of the teacher consultant is to help schools do their work better. The specific ways in which this service is provided vary widely. Among the activities are included observing and participating in classroom work; helping teachers understand children; interpreting and using the findings of research; helping to prepare curriculum guides; locating and procuring materials for teachers; planning meetings and workshops for in-service education; helping schools "pioneer" in the use of new materials and methods; helping to interpret curriculum change to the staff and the public; and helping to appraise educational progress.

The development of curriculum in many fields of study at the public school level has been dynamic and explosive during the past decade. Science and mathematics are the two most obvious areas of curriculum change. Both have received a great deal of attention in this school system. Educators are now taking a look at the social studies. It is ironic that the social studies, the area most vitally and directly concerned with social forces and trends, should be one of the last segments of the curriculum to come under careful study throughout school systems.

This fall our teachers spent an afternoon and evening in a workshop designed to acquaint them with some recent developments in the social sciences. A course has been conducted by the University of New Hampshire, another step in the "re-education" of our staff in social studies teaching. A display of books was arranged which included many new reference books in the social studies field.

New ideas and new approaches are plentiful; new instructional materials, including textbooks, are found in quantity and variety. The New Hampshire State Department of Education will soon issue a new guide in social studies. It is my job now to organize the staff in a complete study of the present social studies curriculum; to examine curriculum projects underway in New Hampshire and the country as a whole; and to set up a revised course of study for our pupils based upon the best of the present projects and latest research in this field.

This is not an easy task, and will not be done "overnight." Time is an important factor, and this, teachers have in limited quantities after all the rest of their educational activities receive a share. Many discussions, hours of meetings, abundance of ideas on reams of paper, and the slow democratic process of curriculum study will take place before this school district will have a new social studies curriculum guide.

This report reflects only one of the areas of work of the teacher consultant—that of curriculum change. This is an important one as it reflects not only what will be taught in our classrooms, but, in many cases, how it will be taught. Certainly this is a responsibility not to be taken lightly.

I call your attention to the reports and tables which follow. I urge you to read them so that you may have a fuller understanding of what the school is doing for the young people of your community.

Respectfully submitted,

RAYMOND A. HOYT,

Superintendent,

Supervisory Union 16.

January 14, 1966,
Newfields, New Hampshire.

SCHOOL HEALTH REPORT

To the Superintendent of Schools:

The School Health Service is designed to serve the physical and emotional health needs of all children in the school system — collectively and individually; and to promote an awareness among parents of these needs and of available help through this department.

The School Nurse offers leadership and guidance to the development and maintenance of the health program.

Following are some of the health services included in the Newfields Elementary School Health plan this year.

Maintaining individual records of heights, weights, vision and hearing, physical examinations, histories of immunizations and diseases, and any special notes.

Vision and hearing testing.

Physical examinations and urinalyses — Grades 1, 3, and 5, and all referred.

Follow-up of physical examination findings. If parents are not present, communications (personal or by letter) must be made. Also, conferences with the Principal and Teachers in relation to physical examinations, visual or hearing losses or other apparent problems.

Referrals for special services — crippled children; sight conservation; hearing; mental health; speech; dental, etc.

In general, Dental Health has been highlighted in the schools through demonstrations, clinics and education. The importance of dietary

fluorides for all children up to age 9 has been emphasized. A Dental Hygiene Clinic sponsored by the Newfields Parent-Teacher Association, in cooperation with the State Department of Health, will be offered in the school.

Pre-school clinics.

Speech clinics.

Health Education: Through education only can we expect most favorable returns from our efforts to establish good understanding and practices of health, hygiene, and safety. Available through the State Department of Health, the University of New Hampshire, and other sources, are films, filmstrips and various helpful aids to enrich the health education curriculum. We endeavor to present these in conjunction with special class units at a time when our material will be most meaningful to the students.

Our needs are simple but real. The importance of a pre-school clinic for vision screening of children aged 3 to 6 years cannot be overemphasized. An all out effort will be made this spring to promote active community participation in a program for testing vision of very young children. Success here will depend largely upon the time contributions of 5 or 6 helpers in each community.

May I express my sincere appreciation to the individuals and the organizations who have helped in so many ways to make this a successful and productive year.

Respectfully submitted,

VIRGINIA D. HOLDER, R. N.

Newfields, N. H.,
January 14, 1966.

SUPERVISORY UNION NO. 16 CLASS

To the Superintendent of Schools:

The Union #16 class has fourteen members this year, 10 boys and 4 girls. The academic needs of these children are from kindergarten into the sixth grade levels. This is a wide range to be met and taught by one teacher.

Integration with regular classes of the school in science, physical education, music, art and extra curricular activities is again the policy. Field trips for the younger groups are being used to enrich and to teach community services. The Boy Scout Troop meets regularly each Thursday at the Community Center. Phillips Exeter students are most faithful in handling the boys.

Each year the need for Special Classes is growing. Our children with educational problems should have the opportunity to work out these problems with a degree of success. Unfortunately, these children must meet failure early in school life before help is offered them. Thus, many enter the Union Class emotionally troubled.

The dissimilitude in ages, aptitude and achievement make high standards arduous to maintain. The necessity of much individual support, tutoring, and guidance causes inadequacies and gaps in the educational program. As mentioned in my report of 1965, a part-time assistant, who could work under me, would improve greatly the learning situation.

Respectfully submitted,

MARIAN R. WEBSTER.

REPORT OF THE MUSIC SUPERVISOR

To the Superintendent of Schools:

In the two weeks before I started teaching music in the Newfields school there was brewing within me a storm of emotions ranging from apprehension to assurance, but the first day associating with six grades of happy faces gave me the confidence that working together would be fun as well as fruitful.

I found the children from the second through sixth grades so well grounded in the rudiments of music that the introduction of the language of Sound to the first graders was joy as it has continued to be throughout these weeks.

Besides learning weekly new songs suited to their grades, the children have learned current songs of the seasons as well as learning to beat and conduct the rhythms of same. They have been drilled in note reading, values, rests, key and time signatures as well as ear training and appreciation of such works as THE MESSIAH, THE NUTCRACKER SUITE, etc.

Plans for the balance of the year are to continue drill on rudiments, folk dancing, toy symphony and two and three-part singing, as well as more music appreciation and knowledge of those past and present who have contributed to the world of music.

Respectfully submitted,

HELEN M. CANTERBURY.

REPORT OF THE ART SUPERVISOR

To the Superintendent of Schools:

Creative ability is inherent in all individuals from the earliest stages of childhood through adulthood. Creative ability is encouraged rather than trained or taught through copying or drilling. Art is a superb means of human expression and it is a wonderful experience to share art activities with children. Children have such positive ways of expressing themselves when given the right motivation and a variety of materials to work with.

Each year new materials are added to our program. For instance, the sixth grade learned how to make prints this year. They also learned to weave on simple looms made from cardboard boxes. The fifth grade learned basic stitchery and made samplers with bright embroidery colors. These grades also made a study of architectural planning. The children expressed their ideas by designing floor plans for the future expansion of the Newfields School.

The lower grades are learning to express themselves through the use of many different materials. They are always eager for any project and it is a pleasure to help them express their ideas.

My thanks to all who make this art program possible for the Newfields School and to the teachers who are often my able assistants.

Respectfully submitted,

VIRGINIA PEARSON CHISHOLM.
